(For Deaf and Hearing Impaired)	
Tutorial Center	986-5846
Veterans Affairs	986-5810

President's

Welcome

A Message to Students,

On behalf of Oxnard College I want to invite you to enroll in classes that will enable you to earn an associate degree, transfer to a four-year university or achieve a certificate in a professional or technical career. Oxnard College has been successful in signing

Transfer Admission Agreements with many of the University of California and California State University campuses. Career-minded students have also been able to enroll in mentorship programs and benefit from career-training resources that fully prepare them to compete for jobs in business and industry.

The faculty and administrative leadership of Oxnard College over the years have continuously evaluated and assessed our mission to meet the diverse educational needs of our community. We continue to offer an enriched learning experience through state-of-the-art technology resources and numerous unique programs. Construction will begin this summer on a new Student Services Center to offer admission, counseling and other student services to current and future students. I'm also pleased that Oxnard College was awarded a \$3.5 million, five-year Title V Cooperative Grant that will help more OC students transfer to our partner universities – California State University, Channel Islands, and the University of California, Santa Barbara. As part of the grant, and to better prepare students for a successful college experience, Oxnard College will also create a Basic Skills-Learning Center for the 2007-2008 academic year to provide developmental assistance for students in English, Math or Reading.

Oxnard College ranks among the Top 100 Colleges Awarding Associate Degrees to minority students, according to *Community College Weekly's* annual survey. You will find that the faculty and staff at Oxnard College are committed to our student-centered mission to provide "a collaborative, nurturing, safe environment that promotes student success and lifelong learning."

If you are a first-time student, thank you for choosing Oxnard College. I also want to welcome back all those returning students who will continue their educational endeavors at Oxnard College.

Sincerely,

Richard Durán, Ed.D.

President, Oxnard College
